Description

As an admin I want to be able to add an employee to the database. The database lists all the employees entered and imported into the PIM. It is possible to view/edit details of a particular employee by clicking on the employee's name or ID. It is possible to add multiple entries of employees by clicking "Add" through the screen or you may go to PIM>> Add Employee to enter employee details. To delete an employee, click on the check box next to particular entry or press the delete icon next to the employees name. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking "Delete".

[PRTF-40] An employee can be added with an ID made from letters and numbers.

Created: 19/Feb/23 3:36 PM - Updated: 19/Feb/23 3:36 PM

Status:	To Do
Project:	Project Final
Fix Version/s:	Employee List_v1

Type:	Bug	Assignee:	Unassigned
Reporter:	Ovidiu test	Votes:	0
Resolution:	Unresolved		
Labels:	employee		
Original Estimate:	Not Specified		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		

Description

Affected version : Employee List_v1
Environment: Testing environment Google Chrome

Steps to reproduce:

1. Log in to the application
2. Go to PIM module
3. Select the "Employee List " tab
4. Click the "+Add " button
5. Fill in all the mandatory input fields
6. In the " Employee ID" input field change the ID to 0500D
7. Click " Save "

Expected result:

The input field " Employee ID " is highlighted in red with the message " Invalid ID displayed underneath.

Actual result:

The user is prompted in the bottom left corner that the info was successfully saved and the "Personal Details" page is displayed.
